APPENDIX B

PILOT SCHOLARSHIP HOUSE FOUNDATION FLORIDA DISTRICT, INC.

AUDIT COMMITTEE REPORT FORM PROCEDURES FOR AUDITING THE FOUNDATION'S BOOKS

In auditing the foundation's books the Audit Committee is verifying that all assets are accounted for and correctly stated, that all bills have been paid or accrued, that all transactions have been correctly classified, and that transactions have been approved and performed within the guidelines of the foundation.

GENERAL PROCEDURES

Cash should be reviewed as to authorization of bank(s), preparation of monthly reconciliations and agreement of balances at the beginning and the end of the year. Records should be compared to budgeted amounts for reasonableness of amounts and classification.

A review of dues reports to the Board and membership should be performed as to amounts paid and timeliness.

AUDIT OF SELECTED MONTHS

Selection of Months to Audit

Select three months to audit for receipts and three months to audit for disbursements. They may be the same months for receipts and disbursements, or they may be different months.

The selection should be based on activity. The months when most disbursements are made should be audited for disbursements and the months when most receipts are received or when major fundraisers are held should be audited for receipts. Once the selection has been made the following procedures should be performed:

Receipts

Trace all deposits from the bank statement to the deposit ticket. Examine the deposit ticket items for classification (dues, fundraiser, restricted donation, memorial or honorarium, etc.) and trace to the general ledger to verify that the general ledger account agrees as to amount and classification. Make corrections as necessary.

Examine the record of cash receipts for date of receipt and note if deposit was made in a reasonable time frame from the date of receipt.

If "deposit in transit" are shown on bank reconciliation, trace to next month's bank statement and agree amount of deposit and date deposited.

Disbursements

Trace all disbursement to invoices, expense reports, or receipts. (Even if an item is budgeted there should be documentation for the expenditure.) Verify amount and date paid on the invoice agrees with other supporting documentation.

Trace record of cash disbursements for classification and reporting to proper fund balance. Determine payment approval as to whether budgeted, board approval, or approval by president within guidelines established in the Foundation's procedural manual.

Checklist/Audit Committee Report

Audit procedures checklists to assist the audit committee are included as pages 3-5.

When the audit committee has determined that the year-end report is correct as prepared or corrected, the report of the committee should be prepared for submission to the foundation's board of directors. The report should detail what the committee did, their conclusion on the year-end report and any suggestion to assist in the future.

A suggested audit committee report is included on pages 6 - 7.

Please note that should unexplained differences been noted during the review of the months selected, additional months should be audited until the committee feels they can prepare a correct year-end statement.
